Ice Skating

Ice Rink

At 15m wide and 30m long, our modern, transportable rink is the perfect size for compact indoor spaces or under shelter outdoors.

And thanks to their rigid, interlocking structure, modern floor insulation and low-noise technology, they're as practical as they are fun.

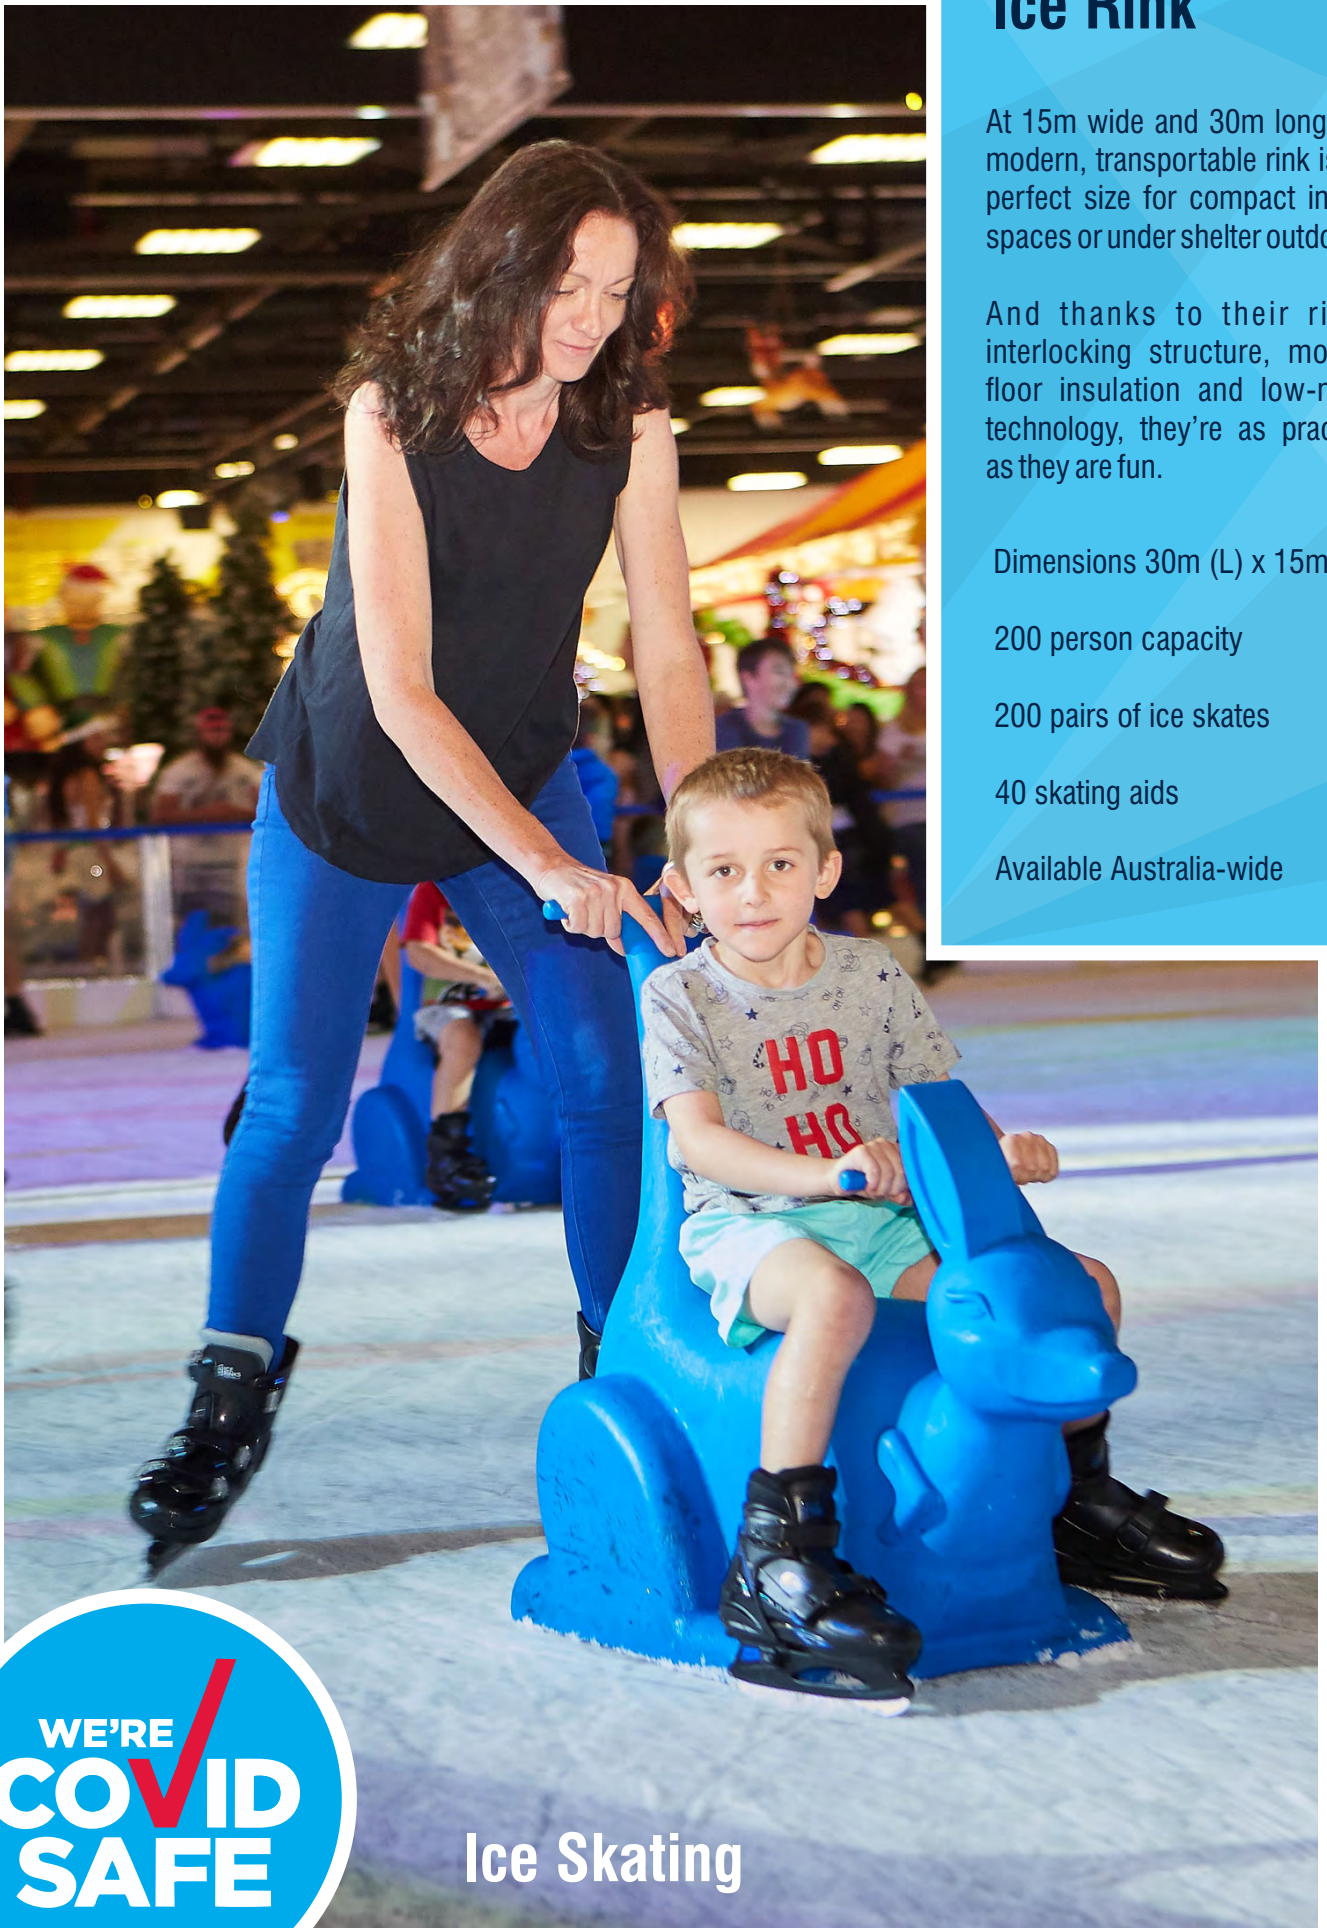

Dimensions 30m (L) x 15m (W)

200 person capacity

200 pairs of ice skates

40 skating aids

Available Australia-wide

Ice Skating

Ice Slide

Add even more fun to your winter event with a giant ice toboggan slide. Children and adults alike, love the exhilaration of launching themselves down the slide at full speed in the inflatable 'toboggan boats', which are perfect for a solo ride but also big enough for a parent and small child to ride together.

Absolute safety is, of course, our primary concern, and the boats are specially designed to protect occupants on all sides. For additional peace-of-mind, we also provide small children with safety helmets for extra protection. At 5m wide and 30m in length, it aligns perfectly to the length of our ice rink.

- Dimensions 30m x 5m x 3m
- 20 x full size tubes

Giant Ice Slide

ICE RINK EQUIPMENT AND ACTIVITY RENTAL

Ball Crawl, Ice Slide & Ice Rink

Ball Crawl

The Ice themed ball crawl is a great activity that will delight and amaze all children that play. Of all our inflatable castles the Ball Crawl is undoubtedly the favorite being a place that children can swim in a sea balls, climb and speed down the slide, cross the bridge or dive through the tubes. A huge 12m (x) 12m inflatable bouncy castle filled to knee level with soft plastic balls.
